

ReAutomated | The Virtual Experience

Agenda

October 26, 2023

CEST | EDT

15:00 | 09:00 am

Event goes LIVE

Go explore our virtual environment and visit our info desk in the lobby for a welcome video.
by *Kim Povlsen, President, Universal Robots*

15:10 | 09:10 am

Welcome

by *Bryan Bird, Regional President, US & Canada, Universal Robots*

15:15 | 09:15 am

Exploring the Future of Collaborative Welding | Expert panel with Q&A session

Join us as our panel of industry leaders and experts converge for a dynamic discussion on the challenges and opportunities for businesses doing metal fabrication. Share insights, cutting-edge strategies and technologies which are shaping welding today and tomorrow.

Panelists: *Matt Malloy, Automation Program Manager at EWI, Nils Kühle, CEO of FSK Group, Glenn Archer, VP Sales & Marketing at Melton Machine*

Moderated by: *Will Healy, Global Industry Segment Leader - Welding, Universal Robots*

15:50 | 09:50 am

BREAK

15:55 | 09:55 am

The customer perspective & their automation experience | Customer interview

Interview with manufacturing technology company Koda GmbH, joining virtually from Germany, and integrating partner fsk industries.

Dr. Gerrit Schlömer, CTO, Koda GmbH, and Nils Kühle, CEO, fsk industries

Interviewed by: *Will Healy, Global Industry Segment Leader - Welding, Universal Robots*

16:15 | 10:15 am

Introducing the UR20 Welding Partner Ecosystem

Meet some of our many UR solution partners who have robust and ready UR20 welding solutions available today that boost productivity, drive consistency and raise welder engagement to a whole new level!

Moderated by: *Will Healy, Global Industry Segment Leader - Welding, Universal Robots*

16:35 | 10:35 am

BREAK

16:40 | 10:40 am

Built around people | A documentary

Witness a collaborative robot coming to life, from an idea to an incredible piece of engineering. Follow the journey of the UR20 robot in this one-of-a-kind documentary

16:45 | 10:45 am

Introducing UR20 | Presentation & live demo with Q&A session

Experience a deep-dive into the newest member of the UR family – the groundbreaking UR20, in a presentation of the UR20 cobot arm, the PolyScope software, and a demonstration of UR20 welding capabilities.

Demonstration by: *Magnus Lirell, Senior Global Applications Engineer, Universal Robots, and Jeremy King, Segment Product Manager – Welding, Universal Robots*

17:15 | 11:15 am

BREAK

17:20 | 11:20 am

Making automation easier than ever

An exciting presentation on the game-changing benefits of installing a collaborative robot from Universal Robots.
by *Universal Robots team Stacey Moser, CCO, Jesper Poulsen, Senior Director – Digital Ecosystems, Mikkel Vahl, Global Head of Academy & Education, and Annelie Dyring-Bro, Strategic Service Director*

17:30 | 11:30 am

Future productivity benefits | Closing panel discussion with Q&A session

Bringing back our expert panel to delve into today's learnings and look towards the future benefits for productivity.

Panelists: *Matt Malloy, Automation Program Manager at EWI, Nils Kühle, CEO of FSK Group, Glenn Archer, VP Sales & Marketing at Melton Machine*

Moderated by: *Will Healy, Global Industry Segment Leader - Welding, Universal Robots*

17:55 | 11:55 am

Wrap up and thank you!

by *Will Healy, Global Industry Segment Leader - Welding, Universal Robots*
